Spiritual Abuse Seminar

No one should leave church feeling manipulated, controlled, shamed, or condemned. But places of shelter and encouragement can become abusive if spiritual leaders begin to use their authority to meet their needs for importance, power, or spiritual gratification.

Here you'll discover how to identify an abusive church and also how to break free from its destructive effects.

Topics covered include:

- How spiritual abuse develops and why those under its grip often don't see it
- The subtle ways that leaders and systems 'hook' and control believers, robbing them of their joy in Christ
- Scriptural help in recognizing healthy spiritual relationships
- Effective strategies for recovery and rebuilding your spiritual life

"A bold confrontation...Integrating the principles in this book will be a major step in restoring spiritual and emotional health."

David A. Stoop, PH.D. clinical psychologist

If your church or organization is interested in hosting an event, please contact Erik Sundquist to discuss date and fee.
