LEGO Therapy Group for Children

A therapy group for children providing a motivating approach to improving social and communication skills in children.

What You Will Learn In This Group:

- Improvements in social competency as well as general communication skills
- To learn from each other how to cooperate, solve disputes, follow rules, and be helpful
- Skills developed in group will transfer to the classroom
- To help with social anxiety, low self-esteem, and/or bullying issues

PROGRAM DETAILS

- For ages 7-10
- 6-week group
- Located in Bel Air, MD
- Saturdays 3-4 pm
- Cost \$300

Facilitated by: **Eric Kuessner, LCSW-C**

Eric Kuessner earned his BSW and MSW in Social Work from Salisbury University and has been in the field working with high-needs populations for several years. He has experience working with ages 4 through the life span. Eric has provided services in outpatient clinics, residential, and school-based settings. Eric has experience delivering individual, group, and family counseling. Eric is currently licensed in the State of Maryland as a Licensed Clinical Social Worker and is a Certified Psychiatric Rehabilitation Counselor (CPRP).
